

Serving Northeast and Western Monmouth County

Habitat for Humanity in Monmouth County has a long history of women affecting change through an initiative known as Women Build. This October, the Fall Women Build will be a unique opportunity where women can work together to volunteer, build, and advocate for decent and affordable housing along with our partner families. Don't want to swing a hammer? Help us raise funds to help build homes and ramps, and make minor repairs to house exteriors – all for deserving families! Please return this form with your donations to Habitat for Humanity in Monmouth County at 45 South Street, Freehold, NJ 08856.
