PARTNER FAMILY UPDATE

"We want them all to know that we have been SOOOO happy. Everyday we wake up still feeling like it is not real, and like we are on a long vacation. We LOVE sitting out on our front porch and relaxing after working all day. ALSO- the central air has been a blessing too. We never had a home with central AC. We are extremely grateful to the Habitat Program. THANK YOU!"
Shana and Luis, Homeowners since April 2021
