

## A Note from our Board President and Executive Director

At Habitat for Humanity in Monmouth County (HFHMC), we know that the benefits of homeownership extend far beyond the house itself. Homeowners experience greater economic stability, better access to quality education, increased civic and social engagement, and better health, both now and for future generations.

And that is why, over the past year, we have continued to focus on our mission of providing and improving affordable housing in our communities.

The house we recently built in Atlantic Highlands will benefit two families, and the recipients of our Ramps & Rails projects have had the quality of their lives improved dramatically. One grateful ramp recipient in Freehold told us,

**"I am able to maintain my independence and happiness through your efforts. We all need such kindness and caring."**

Improving lives in our community brings us together, and we are thankful for all those who believe in our vision and work tirelessly with us to achieve it.

Our dedicated volunteers, donors, board, staff, and community partners are our lifeblood, thank you for sharing your valuable time, resources, and energy with us.

Thank you also to the elected officials who champion affordable housing providing improved outcomes for their constituents and towns, through housing stability.

We look forward to continuing this vital work together.

Gratefully Yours,

*Kim Stulb, Board President*

*Diane Kinnane, Executive Director*

**FY 21/22 PROJECTS**

**1 Two-Family Home\***

**5 Ramps & Rails Projects**

**10 A Brush with Kindness**

\*house did not close during FY 21/22 but was a significant project during this time period

Changing lives through the building of strength, stability, independence and shelter.
